

## Class 1 Week-by-Week

### Spring 2017 - Week 4

This week we started our *All About Animals* topic which the children are really enjoying. Y1 have been learning about mammals as an animal group and what is special about them. They have found out about some unusual mammals too, like bats, whales and dolphins. Reception have been learning the names of some of the animals and their babies in the Noah's Ark story.

In maths our focus has been on money - finding out about the different coins and notes and how much they are worth. Perhaps a trip to the shops with some pocket money will make this all more real for them!

This week Class 1 have been working on some ball skills in PE. They are getting more confident with their skills and improving cooperation in small team games.

Thank you for the lovely comments you have written in the Love-Books-Library notebooks.

It is always good to hear whether the children have enjoyed the books and how they reacted to them. This is one of the early stages of reviewing books.

### Next Week

On Monday afternoon we will be having some visitors in school. The NSPCC will be coming in to give a short presentation, Speak Out, Stay Safe, to KS1 before spending time with the older children.

Just a reminder that the Reception children have an Early Years governor, Ms Donna Fleming, as part of the team in school. Donna

likes to be involved with the staff to enhance the provision for EYFS. She is always happy to be contacted if you have any comments or queries.
