

Class 1 Week by week

Summer 2017: Week 6

Welcome back after the half term break, the children were bubbling news as they came in on Tuesday.

This week we have been looking closely at some wild flowers - Ox-eye daisies - in our art focus. The children were excited to find out that daisies can grow as big as these. They have made a plaque out of clay with their own daisy design, using clay modelling tools to imprint petals and detail. These will be on display in the classroom soon.

Our new system for changing books is up and running now. Please comment and sign in the home reading section as before when you have read with your child.

We have started our practise in PE for the sports day activities, with lots of enthusiasm from everyone. The children take part in mixed age teams and will be helped on the day by older pupils. Please will you check that PE bags have indoor and outdoor kit - clearly named - as we will be outside when the weather allows.

Next week

We will be finishing our Growing Plants topic with some Flower Art using flowers we find growing in the local environment. Y1 will be making a plan of the school grounds to show where the different plants grow.
