

## Class 1 Week by week

### Summer 2017: Week 7

We ended our topic on Growing Plants with some successful plotting of plants on a plan for Y1. We also used some common flowers from the playing field and Mrs Norris' garden to create art in the quiet area. The children used their imaginations well and we have some photo's but the wind quickly blew away their designs.

Some parents have been asking about where to write comments in the Reading Diary - this is the same as before, using the right hand column. We will record the books they take home in the left column so we can check that they are returned to school the following week. Please do ask I you have any other questions.

The class have started Sports' day practise with great enthusiasm and we are developing speed and skills. Please can you check that your child's outdoor trainers still fit and ensure that they bring their PE kit to school on Monday ready for the week. Also, a child in Class 1 has lost a new sweatshirt - please could you check that your child has their own sweatshirt and return any others to school.

### Next week:

Our theme will be 'Make It', encouraging ideas for DT as Y1 make a wheeled trolley and Rec will be thinking of uses for the 'junk' boxes and tubes.

Mrs Fawkes is putting out an appeal for old birthday cards or pictures that we could use in our creative area. Animals and flowers are always popular but any child friendly themes will be gratefully received.

Finally, a reminder about providing your child with a water bottle for drinks in the classroom. Children may have juice for lunch but we encourage them to drink water at other times.

THANK YOU !
