

Alanbrooke Community Primary School Governing Body is looking to appoint further co-opted governors to help drive the strategic development and ethos in our small but expanding Community School.

The governors seek individuals with drive to support the vision that teaching and learning is at the highest level of achievement.

Support to new governors is provided through an established induction process with ongoing opportunities to further understanding through training and shared practise.

We don't expect you to be an expert in education and welcome governors from all walks of life to bring different perspectives and views. You just need to be interested in supporting our school, community and the educational outcomes of our pupils.

We are however particularly interested in hearing from anyone with an interest,

skills, experience or understanding in any of the following areas:

- Managerial Experience
- Strategic Planning
- Financial Resources
- Premises Management
- Education
- Legislation

All expressions of interest can be submitted using the proforma provided following which you will be invited to meet informally with two or three governors to discuss the role in more detail. You will also have the opportunity to participate in a meeting of the Governing Body before formally requesting that consideration be given to appointing you as a governor.

Please forward your expression of interest by email to: admin
