

Class 1 Week by Week - Spring 2019

Week 4

Following on from our Winter Walk the children have been enjoying making a Winter Tree picture. First they made a tree shape using torn masking tape. Then they chose colours for a winter sky which they painted over the masking tape. Once the paint was dry they had great fun peeling off the tape to reveal their tree. To finish the project they printed fine marks in paint with a glue spreader. The trees are all individual and make a super display in class - you are very welcome to drop in at the end of the day to see them.

We have finished off our Winter topic by measuring and recording the weather - temperature, rain and wind speed. We know that when the temperature is 0 C or below we will have frost and ice!

Reception have been making up a weather chart using weather symbols. Some of them have been making up a puppet show Weather Report. This is something they might like to do for you at home too!

Next Week:

We will be starting a new topic - Amazing Animals - next week.

This is always a popular topic with so much to find out about the animal

groups - mammals, birds, reptiles, fish and amphibians. We will be having some animals to visit us - including some chicks - so please can you let us know if your child has any allergies or phobias.

Please can Class 1 children come to school in PE kit on both **Monday and Friday**. They will need to bring a spare set of clothes in on Mondays, to keep in school for the week. Y1 who do Yoga Club will need kit on Thursday to change into.
