

Class 1 Week by week

Summer 2017: Week 5

We have had a visiting teacher in school who gave a big thumbs up to the contribution our Reception parent's have made to their child's Learning Stories. Thank you for taking the time to tell us about the things your child does at home in the different areas of learning.

The children have been getting creative in our art area making beanstalks by junk modelling. It is good to see them developing their own ideas using the resources.

In PE this half term Class 1 have been doing activities designed to encourage team work and cooperation. It has been good to see them grow in confidence to share ideas and help each other to achieve a group target.

Next week

After half term your child will change their home reading books once per week, choosing new books which they will keep for the week. This gives them the opportunity to re-visit books they have enjoyed and develop confidence and fluency in reading.

To develop your child's independence Mrs Veakins and I would like Class 1 parents to say goodbye on the playground in the morning and let them come into school on their own. Of course, if there is something you need to discuss with the teachers you will be able to come in and find us.
